

**GEN. MACARTHUR TO
DIRECT WEST POINT**Intrepid Brigadier of Rainbow
Division Will Command
Military Academy.

WASHINGTON, May 10.—Brig.-Gen. Douglas MacArthur, formerly chief of staff of the Rainbow Division and later commander of the Eighty-fourth Infantry Brigade, was assigned to-day to duty as Commandant of the Military Academy at West Point. He will assume his post on June 12, the day after the senior class is graduated.

Brig.-Gen. Douglas MacArthur is one of the youngest officers ever appointed to the command of West Point, being only 29 years old, and is one of the most popular and widely known officers in the army. He is a son of Lieut.-Gen. Arthur MacArthur, a civil war veteran who commanded a division in the Philippine campaign, and was appointed to West Point from Missouri in 1899. He graduated among the honor men of his class and received an appointment as Second Lieutenant of Engineers. He served as a Captain of Engineers in the Vera Cruz campaign and later was appointed aid to the Secretary of War in charge of censorship. He served as chief of staff of the Rainbow Division from the time of its arrival in France until he was appointed to command the Eighty-fourth Infantry Brigade, which he led in the series of actions at St. Mihiel and north of Verdun. While serving as chief of staff he personally took charge of the first raid staged by the division in the Salient du Fays. For his conduct under fire on this occasion he was awarded the Distinguished Service Cross. Though wounded and suffering from gas poisoning he refused to be evacuated and continued to perform his duties at divisional headquarters. He previously had been awarded the Croix de Guerre for

participation in an important raid by the French forces near Reims. He was twice recommended by Maj.-Gen. Menoher, commanding the Rainbow Division during most of its active service, for promotion to Major-General and twice has been proposed by the French commanders for the Legion of Honor. For extraordinary heroism in action at the capture of Hills 288 and 241 on October 15 and 16 he was cited again by the Commander-in-Chief and awarded a bronze oak leaf on the ribbon of the Distinguished Service Cross previously awarded him. Part of his citation on that occasion reads: "On a field where courage was the rule his courage was the dominant feature."

**3 SOPHS EXPELLED
IN SYRACUSE ROW**

Two Classes Fined by Chancellor Day.

Special Despatch to The Sun.
SYRACUSE, May 10.—Three members of the sophomore class at Syracuse University have been expelled by Chancellor Day for participation in the Moving Up Day disturbances early this week. Many others face the same fate.

The chancellor issued a statement to-day in which he says he finds "both freshman and sophomore classes have been culpable of the most serious infraction of university discipline and have been guilty of damage to property and injury to persons."

"I have notified the president of the sophomore class that \$100 damage has been assessed upon that class, and the president of the freshman class that an assessment of \$200 has been made upon that class," he said. "He said that these fines must be paid before Monday, May 12, or he will suspend all freshmen and sophomores from all university activities until they are paid."

The student whose face was painted with nitrate of silver is recovering, but it is believed that he will carry a permanent scar.

OR SPORTS SUITS FOR DECORATIVE PURPOSES

There are two distinct types of Sports Suits—the sturdy, well cut and perfectly tailored models, fashioned of non-crushable materials: Lochspun, Chanella Jersey or imported tweeds; also silk or wool Jersey—in bright sports colors, heather mixtures, subdued shades or pastel tones. Roomy, easy and devoid of all embellishments, they have the swing and freedom of the out-doors. Sports suits that possess that all-important requisite which it is easier to appreciate than describe—the quality of coming through a day of activity, a-field or a-float, fresh and unwrinkled.

And for the woman who just looks on and adds decorative value to all sport meets there are stunning suits of tricolette and various fibre silk weaves.
